

Used Equipment Associate

Reports To: Used Equipment Manager

Summary: The Used Equipment Associate assists in the general make ready process focusing on expediting the used equipment flow while ensuring the highest level of used equipment quality to our customers.

Responsibilities:

- Assists in the daily operation of the used equipment business including workflow through the various departments.
- Provides accurate and thorough inspections of used equipment for future sales to customers.
- Responsible for the general make ready process in the Fenton location, working with the Used Equipment Operations Coordinator to improve efficiency while controlling costs.
- Performs preventative maintenance and light cosmetic repairs.
- Maintains an orderly used equipment display area at the Fenton location.
- Assists with photos and video of machines for remarketing efforts when needed.

Requirements:

- Must have a high school diploma or equivalent, technical associate degree preferred.
- Prefer experience in the heavy equipment industry.
- Some mechanical background.
- This individual must be personable, motivated, reliable, ethical, and able to maintain good relationships with customers, vendors, and employees.
- Ability to meet deadlines consistently and have a high sense of urgency.
- Must be able to pass a background, physical, and drug screen.
- Maintain a valid driver's license and be able to travel to other locations if needed.
